Objective

Enthusiastic and detail-oriented aspiring web developer seeking an internship opportunity to leverage my skills in HTML, CSS, JavaScript, and React.js. Eager to contribute to a dynamic team while gaining hands-on experience in web development.

Skills

- ❖ Front-End Development: HTML5, CSS3, Tailwind CSS and its related libraries, JavaScript ES6
- ❖ Frameworks & Libraries: React.js, Next JS,
- ❖ Version Control: Git, GitHub
- ❖ Tools: Visual Studio Code, Chrome DevTools
- ❖ Basic Knowledge: Responsive Design, Debugging, RESTful APIs

Education

- ❖ Intermediate
- ❖ Govt. College of Commerce and Economics
- ❖ Karachi

Relevant Coursework:

- ❖ Web Development,
- ❖ User Interface Design

Projects:

To-Do List Application

- ❖ Created a task management application using React.js to practice component-based architecture.
- ❖ Utilized state management and event handling to add, remove, and complete tasks.

E-Commerce Website

This project involves developing an e-commerce website using HTML, CSS, and JavaScript, with Firebase handling user authentication and data management. Key features include:

- ❖ User Login: Secure sign-up and login functionalities via Firebase Authentication.
- ❖ Product Management: Display products dynamically with HTML, CSS, and JavaScript.
- ❖ Cart Management: Add, remove, and update items in the shopping cart, with data handled in real-time using Firebase.

Certifications

- ❖ Currently Enrolled in SMIT Mern Stack Development Program

Additional Information

- ❖ Languages: Fluent in Urdu
- ❖ Intermediate in English
